About Us

Nummus Consulting is enthusiastically serving SMEs and Corporate to build a healthy corporate environment.

At Nummus, we are passionate about achieving better results for our clients—results that go beyond financials and are uniquely tailored, pragmatic, holistic, and enduring.

Vision

To support Entrepreneurs in achieving multi-dimensional organization growth by Systematizing Processes.

Mission

Implementation of best business practices by Imposing Financial Discipline through adequate Systems and Procedures.

NUMMUS CONSULTING ENSURES:

- **Conversion of processes into systems to establish FINANCIAL DISCIPLINE and control.**
- **Strengthening of Accounting & Financial practices, the backbone of business.**
- **Migration from manpower-based scenario to technology-based environment.**

genesis **nummus**
(Greek: νομμίον, noummion)

Nummus is a Latin term meaning 'Coin' / 'Piece of Money'. Historically, range of copper coins issued by the Roman Empire were termed as Nummus

Every single piece of money counts!

Services Offered

NUMMUS' CFO on Demand

MSMEs/SMEs often see their financial situations become more complex as they grow. Many of these companies lack the in-house financial expertise to take strategic, long-term and day-to-day decisions. Such companies need financial assistance but can neither afford nor require a full-time CFO. **NUMMUS' CFO on Demand** services are meant to bridge this gap on a cost effective and flexible engagement model.

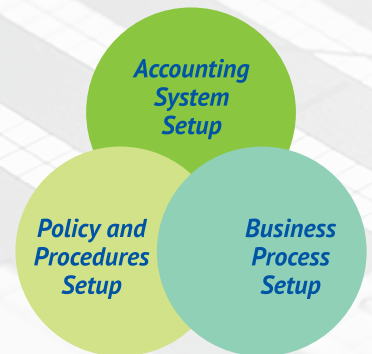

NUMMUS' CFO on Demand service assures the Company of a continuously sound FINANCIAL ACCOUNTING STRUCTURE. It assists with

Book-keeping Managing accounting & financial operations Cash flow management
Pricing & cost reduction strategies Taxation Regulatory compliances Business planning
MIS Risk-management readiness checks Fund-raising Directing departments & staffs
Establishing internal systems and controls Streamlining operations & improving efficiencies

Business Management

Financial Discipline & System Setup

Business Management builds internal systems to identify your business activities, organization structure & manpower requirement along with pre-defined Standard Operating Procedures (SOP) for Accounting and Operational activities.
